

# Warehousing & Distribution

## Clean, Secure & Compliant

We offer secure, fully air conditioned and partitioned warehousing for our clients products use during active package sample programs.

The facility is FDA registered for Drug, Medical Device and Food products. We are an American Institute Bakery (AIB) certified facility with HACCP and Food Allergin programs in place.

## Direct to consumer shipping

Haney specializes in trial pack, test market and sales sample programs for global CPG companies. We can ship directly to consumers for e-commerce and trial pack product programs.

**Pii** Personally Identifiable Information Compliant (Pii) registration enables us to manage consumer data lists for direct shipment of our client's products.
